

The May 9, 2003 "RR News from DNR" included this topic: NEW EPA GUIDANCE FOR BROWNFIELDS, with a link to the EPA web address (URL). However, this URL is a long one and our state listserv technology cuts long URL addresses into two different lines, disabling the link. To find this web site you may need to copy and paste the web address, being sure to catch the final portion of the address that appears on the following line. The EPA documents that you can find at this address are:

- 1) Headquarters Prior Written Approval Required for Prospective Purchaser Agreements under the Resource Conservation Recovery Act
- 2) Prospective Purchaser Agreements and Other Tools to Facilitate Cleanup and Reuse of RCRA Sites
- 3) Interim Guidance Regarding Criteria Landowners Must Meet In Order to Qualify for Bona Fide Prospective Purchaser, Contiguous Property Owner, or Innocent Landowner Limitations on CERCLA Liability
- 4) Regional Determinations Regarding Which Sites are Not "Eligible Response Sites" under CERCLA Section 101(41)(C)(i), as Added by the Small Business Liability Relief and Brownfields Revitalization Act

The URL is: <http://www.epa.gov/compliance/resources/policies/cleanup/brownfields/index.html>
